November 19th, 1917

Clyn Osler, Esq.,

Registrar for Ontario.

Dear Mr. Osler:

In accordance with a request from Lt.-Colonel C. A. Morrison on behalf of the A.M.C., M.D., No.2, I am sending you a list of students in Medicine coming under the Military Service Act for whom exemption is claimed. These students are registered in Medicine for the session 1917-18.

There are two others whose names I think should be added and who are now eligible to enter the third year in Medicine:

L. C. Kilborn, Fellow in Physiology,

W. M. Moffatt, was taken ill with fever which prevented his return at the time of opening of session, just recovering now, but anxious to proceed with his work in Medicine.

I am also sending you a list of registered students of alien birth.

Yours sincerely,

President.

Osler, Clyn
